

TOYOTA

HILUX GD-6 4X2 & 4X4 RAISED SUSPENSION

With a large 35mm bore, the Skorched4's shock absorber provides superior handling and control when off road, and incorporates an increased oil capacity to minimise overheating and fade-out while in operation.

KYB
Shock Absorbers

Specially designed for 4WD touring and tested for South Africa's unique conditions, the KYB Skorched4's range was specifically engineered as a lifted height heavy-duty upgrade from Original Equipment.
